

Sick Student Policy

It is the policy of the Carbondale City Library that if a student is unable to attend school due to illness, that student is unable to come to the Carbondale City Library. The student may return to the library when they are able to return to school. No school age student is permitted in the library during the hours school is in session unless they are accompanied by a parent or guardian, or the parent has proved written or verbal consent to the library staff.
