

The image shows the front cover of a book. The cover is a deep blue color with a fine, pebbled texture, characteristic of leather or a high-quality faux leather. A large, white, stylized eagle is cut out from the center of the cover. The eagle's body is a simple, elongated shape, and its wings are spread out to the sides. The text "THE EAGLE 1968" is printed in a dark blue, serif font across the middle of the eagle's body. The spine of the book is visible on the left side, showing the same blue texture and a series of raised bands.

THE EAGLE 1968

Midway Rural High School

1967-1968

Tom Helmsstetter

We take great pleasure in dedicating this, our 1968 edition of THE EAGLE, to Alice Albers:

Who has devoted her career to preparing meals at Midway High School since it started classes on February 4, 1959.

Who has helped prepare many banquets and suppers held at Midway.

Whose meals have been appreciated by many students.

Who has been a friend to each and every student here at Midway.

We hereby dedicate this, the 1968 edition of THE EAGLE to Alice Albers.

The Superintendent's Message

THE CHALLENGE IS THERE

In the years ahead you will refer back to this annual and reminisce about the experiences you shared and challenges you faced in high school. You will be reminded of the many goals you set for yourself during your years at Midway. You may question yourself, "Have I met these challenges and attained some of my youthful goals?" Some very possibly will have; some will not.

My message to you is this, "You may not achieve all of your goals, most of do not; but it is of utmost importance that you attempt to, and accept the challenge of working toward your goals. Let the goals be reasonable and of your decision, not the choice of someone else.

In preparing this edition of the annual, the annual staff faced a real challenge in doing a good job and meeting the publisher's deadline. You have and will be confronted with many challenges in the completion of your education.

Now consider my message, "Make every effort to achieve your goals". The challenge is there. Is it a challenge you wish to accept? As energetic, able and creative young men and women, it is your decision to make. **AND THIS DECISION WILL BE ONE OF THE MOST IMPORTANT THAT YOU WILL EVER MAKE.**

Very respectfully yours,

Raymond L. Schofield

PROPHECIES FOR CLASS OF '68

Mary Ann Akright certainly hasn't been changed by two decades. As we see her in 1988, she is head bunny supervisor at the Falphie Rabbit Farms in Gotham City.

Walter Leo Anderson has finally obtained his wish to be a hog butcher. A football in one hand, a javelin in the other; he spears the hog then sits on the football on the barn floor skinning his catch. "It's a cold cruel world" he says, "but if you like your work it's a lot easier."

Connie Pierce, meek, shy, uneducated little Connie, has used her various talents to land herself a man, she has 17 of the sweetest girls and is attending beauty school in her spare time.

One of Midway's snooker players, Bob Veach, has become a world famous barber; he's the first man to grow hair on a billiard ball.

Robert McNett has made his bit in television and his mechanical ability really helped. He's making tricycles for the Rowan and Martin Laugh-in.

Linda Diebolt has become the center of the secretarial school with a new way to stretch her coffee break; she married the president of the company.

Chuck Helmstetter is now one of the great public servants of our time, to show our appreciation, we're buying him a new garbage truck.

Bob Hoffman of Denton has finally seen the light; he's selling Chevys for Keith Marsh.

Marilyn Miner, one of the better speech students is now a wrestler and three time record holder, "It's hard work," she says, "but it keeps me in shape."

Pat Denton was another lucky individual who benefited from Mrs. Pry's speech class. She learned a way with words that "sweet talked" a man into her life. Although she always craved action, she has become a good housewife and mother of three beautiful girls as lovely and beautiful as herself. Good luck, Pat.

Marilyn Coufal finally became a nurse and works fifteen hours a day at a New York hospital. In her spare time she is a housewife.

Roger Dean Clark, the fun loving president of the senior class is now the president of the American Colony of Alma Mater where they manufacture "Tarrington 303's, the cigarette that's longer than anything.

In the years that Tom Becker was at Midway he showed us much of his musical ability. So it didn't surprise us to see him playing in his own band. But we see an unusual side of Tom. He is wearing a long black and white gown, a white collar and his reverence and patience is making soul music very popular.

David Yoder, class scientist, has devoted his life to the F.B.I.; female body inspector and is an international playboy.

Frieda Gronniger always was the quiet type, but now she is a singer with the Beatles who were almost forgotten by 1971. They've really come back with Fred, and the adults are even turned on when Fred and the Beatles are in town.

Vera Faye George knows how to tuck in her kids, she simply says goodnight Herbie, Larry, David, Leo, James, Jethro, Marvin, Malcomb, Zeke, Elly, Erma, Jerry, Beth, Sam, George, Eric, Suzy, Gary, Alvin and of course little Faye. Not a bad group for twenty years.
