Dear Mr. Holcomb,

We do not have a list of students from the Bendena area for the year 1997?
The number that you can call to get information for the schools in that area is:
Midway Schools District # 433
642 Hwy 20
Denton, Kansas
785-359-6526 (Denton is about 2 miles from Bendena and they share the same
school district)
Hope this helps you.

Dear Sir/Madam,

General enquiry: I am doing a genealogical search for the Azzopardi family (Michigan) Do you all have an article or list of students who graduated from the School Board District that encompasses students from the Village of Bendena for the year 1997? If not would you supply me with the name and address of the schol board or high school for that area

Thank you in advance for your co-operation.

Yours tryly,

R.F. Morgan
