Subject: Daniel Streeter

I looked in our books and the only thing they had was this one little sentence:

Weekly Kansas Chief
January 29, 1874
White Cloud Items

Daniel Streeter, an old and valued citizen died last week, buried in Ridge Prairie Cemetery.

Sorry but sometimes they didn't get to elaborate back then, but sometimes I have seen huge obits, so you just never know.

Ridge Prairie Cemetery is actually the Denton Cemetery. It says his birth day was Dec 6 1806 and death date January 15, 1874. Frances is buried there too. You have probably seen this page but I will send the link anyway.

That is the page they are listed on.

If you want anymore help I can do some more looking. Just let me know.
